EANNASO as the Community Rights and Gender Anglophone Africa Platform is conducting a mapping exercise to identify Civil Society Organizations working on HIV, TB and Malaria in 25 Anglophone African countries with support from the Community Rights and Gender Strategic Initiative of the Global Fund to Fight HIV, TB and Malaria. Over 249 organizations have signed up and are now appearing online!

Benefits of the map/how it can be used:
- The mapping tool is a centralized database for all CS & CG.
- It is a place where CSOs can connect as well as access contacts for other organizations.
- It profiles organizations and provides physical address locations in their respective countries.
- It will be used to share GF information as well as communicate.
- It will be used to assess needs and determine the gaps and capacity of the organizations.
- It will be used to showcase CS who provide Technical Assistance in the Anglophone Region.
- It will provide information on Civil Society CCM members and CS PRs per country.
