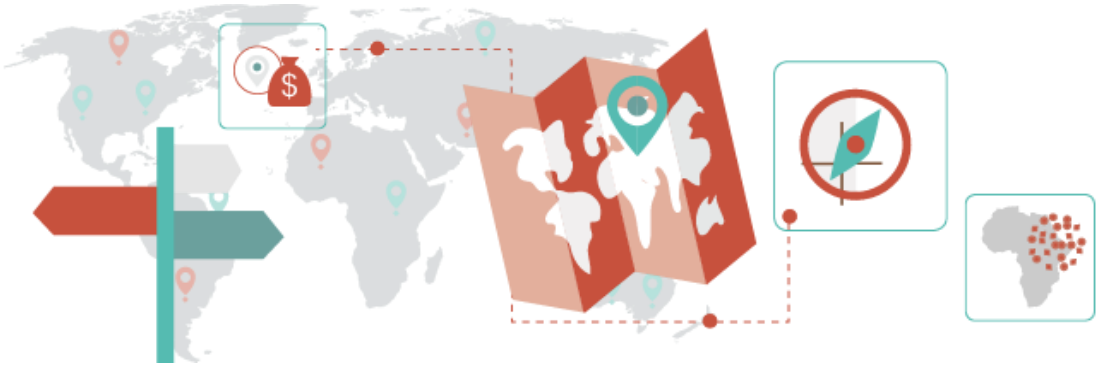
A Community Guide to the Global Fund's Challenging Operating Environments Policy



Greetings from the Regional Platform for Communication and Coordination for Anglophone Africa, hosted by EANNASO!

This week, we are releasing our third community guide in our new series on the policies and strategies adopted at the Global Fund's 35th Board Meeting in April 2016. This community guide is all about the Global Fund's Challenging Operating Environments Policy.

A Community Guide to the Global Fund's Challenging Operating Environments Policy

This community guide is a basic overview of the Global Fund's Challenging Operating Environments Policy.

In this guide you will find:

- A list of the countries currently classified as challenging operating environments by the Global Fund, including 14 African countries
- Why challenging operating environments are important for the Global Fund
- The 3 guiding principles of the COE policy, with clear explanations of what they mean

This community guide is available in two languages:

English:

A Community Guide to the Global Fund's Challenging Operating Environments Policy

Português:

Guia Comunitário para a Política de Ambientes Operacionais Adversos do Fundo Mundial
