Accountability Forum workshop.

The Global Fund believes that a successful response to HIV, Tuberculosis and Malaria rests on the meaningful engagement of all actors, including civil society and particularly key & vulnerable populations and Adolescent Girls and Young Women (AGYW). In order to ensure that all those who are affected by the three diseases play a meaningful role in Global Fund processes, the Global Fund Board approved and launched the six platforms in December 2017, as part of the Community, Rights and Gender Strategic Initiative (CRG SI), EANNASO was selected to host the Anglophone Africa Coordination and Communication platform for the period of 2017-2019.

The session will highlight the role of EANNASO in providing Civil Society and Community Groups access to Technical Assistance to ensure community needs are appropriately represented in the Global Fund country grant processes, Social Contracting as part of sustainability and transition. It will be an opportunity for CSO to develop a priority charter and engagement plan for 2019 around Domestic resource mobilization, accountability and monitoring mechanism for effective engagement in Global Fund processes
