

TB SITUATION / HALI HALISI TANZANIA

Kifua kikuu ni tatizo Tanzania, ni wajibu wa kila kiongozi, jumuiya, shirika na makundi ya kijamii kuchangia juhudi za kutokomeza kifua kikuu Tanzania.

TB inatibika, Tuitokomeze!

Dear/Ndugu:

Mikakati hadi 2020

- Kuongeza ugunduzi wa kifua kikuu nchini
- Kuhakikisha AZAKI zinahusishwa kikamilifu katika udhibiti wa kifua kikuu kuanzia mipango na hata utekelezaji
- Mchango wa jamii /AZAKI/ vikundi vya waliopona kifua kikuu katika ugunduzi wa wagonjwa wa kifua kikuu unatambulika na kuongezeka kutoka 19% ya sasa hadi angalau 50%.

Strategic targets by 2020

- Increase countrywide case detection
- Support and facilitate strategic, coherent and concerted TB Civil Society and Community engagement in the TB response in policy development and intervention design, implementation and performance evaluation from ward /Shahia to national level in the United Republic of Tanzania.
- Community contribution in TB Case detection recognised and increased from the current 19% to at least 50%.

*.....asante kwa kutambua wajibu na mchanago wa jamii katika hili
.....thank you for recognizing the role and contribution of communities in ending TB – take action!*
