Regional Platform  
for Communication and Coordination  
on HIV/AIDS, Tuberculosis and Malaria  
For Anglophone Africa

## Global Fund Training Slides and Webinar Recordings

Greetings from the Regional Platform for Communication and Coordination for Anglophone Africa, hosted by EANNASO!

As the 2017-2019 Global Fund grant cycle is upon us, it is important that we educate ourselves about many of the important changes to the Global Fund grant architecture over the next three years. These have implications for how we engage in country and regional dialogues, how we access funding, and how we track and monitor progress. The Access to Funding Department of the Global Fund Secretariat has developed a series of helpful webinars on many important topics which highlight critical changes and new information.

Below you will find a list of Global Fund Training slide decks and their accompanying webinar recording link.

This training contains information on **Country Dialogue expectations and the new Country Coordinating Mechanism (CCM) Eligibility Requirements**. Click the slide
